

Introduction of intelligent temperature measurement and disinfection door

Product picture:

人体感应器人走即停，能感应到有人进入后，自行启动喷雾，人离即停，避免浪费。
The human body sensor can stop when it is walking. It can sense the entry of some people and start the spray automatically.

Product technical parameters:

Model: RMD-DT01;

Working power supply: 100-240Vac 50 / 60Hz; Rated power: $\leq 60W$;

Working environment: temperature 0-35 °C, humidity $\leq 90\%$;

Nozzle: 8 atomizing nozzles as standard;

Spray mode: automatic induction spray;

Disinfectant: non toxic and tasteless disinfectant;

Lack of liquid indication: support;

Volume of disinfectant: 25L; Volume of hand sanitizer: 1000ml;

Display: 7 / 8 inch LCD; Audio: stereo speaker;

Temperature measurement range accuracy: 32-45 °C ≤ 0.4 °C;

Detection method: non-contact, infrared thermal imaging;

Living recognition: support, infrared sensing;

Recognition speed: 200-300ms; Operating noise: $\leq 38dB$;

Channel size: W:900 * H:1950 * L: 700mm;

Overall dimension: W: 1100 * H: 2200 * L: 700mm;

Package size: W560 * H:1280 * L: 2270mm;

Net weight of equipment: 95.5kg; floor area: 0.77m²;

Gross weight of equipment: 137kg (including packing box);

Service hotline: 4006-752-752; Brand: Yatong technology;

Product performance features:

1. Intelligent 8-inch LCD, body temperature display and face comparison function;
- 2, automatic induction spray function, thinning throttling, do not hurt the human skin;
3. Face recognition, visitors, temperature measurement, attendance function in one;
4. High precision infrared thermal imaging module temperature measurement, abnormal voice sound light alarm;
5. The hand intelligent non-contact spray sterilizer is safe and hygienic and effective in killing the opponent.
6. Disinfection function of sole and wheel;
7. The whole machine is easy to move;
8. Automatic induction of personnel passing function;
9. Removable ramp pedal, suitable for all kinds of people to pass, convenient access;

Product export Description:

1. 20gp standard cabinet is adopted; internal dimension: L: 5.898m x W: 2.352m x H: 2.385m; external dimension: L: 6.058m x W: 2.438m x H: 2.591m; 20 sets of this product can be loaded in one standard cabinet (it is not necessary to punch wooden boxes for goods that normally walk in one cabinet).
2. This product needs to be loaded in 20gp and 40gp cabinets.
3. This product is shipped in Lishui, Zhejiang. The nearest port to us is Shanghai port and Ningbo port.
4. If the order quantity is less than one cabinet, it needs to be packed in wooden case. The specification after packing is: w 560 * H 1280 * L 2270mm (the price of each wooden case shall be increased by 600 RMB)

Introduction of intelligent temperature measurement and disinfection channel

Product picture

Product technical parameters

Model: RMD-DT02 / h standard; **Rated power:** $\leq 300W$;
Working power supply: 100-240Vac 50 / 60Hz;
Working environment: temperature 0-35 °C, humidity $\leq 90\%$;
Atomizer: ultrasonic atomization; **Atomization time:** 0-60s adjustable;
Disinfectant: non toxic and tasteless disinfectant;
Lack of liquid indication: support; **Volume of disinfectant:** 25L;
Volume of hand sanitizer: 1000ml; **Display :** 8 inch LCD;
Audio stereo speaker;
The accuracy of temperature measurement range is 32-45 °C ≤ 0.4 °C;
Detection method: non-contact, infrared thermal imaging;
Live recognition: support, infrared sensing **Recognition speed:** 200-300ms;
Operating noise: $\leq 38dB$; **Equipment weight:** About 365kg
Floor area: 3.5 square meters;
Channel size: W: 700 * H:1900 * L: 1800mm;
Boundary dimension: W: 1100 * H:2230 * L:1800mm;
Package size: W: 1140 * H:2300 * L:1930mm;
Service hotline: 4006-752-752; **Brand:** Yatong technology;

Product performance characteristics:

1. Intelligent 8-inch LCD, body temperature display and face comparison function;
- 2, automatic induction ultrasonic spray function, thinning throttling, do not hurt the human skin;
3. Face recognition, visitors, temperature measurement, attendance function in one;
4. High precision infrared thermal imaging module temperature measurement, abnormal voice sound light alarm;
5. The hand intelligent non-contact spray sterilizer is safe and hygienic and effective in killing the opponent.
6. Disinfection function of sole and wheel;
7. Movable function of whole machine channel;
8. Automatic access control sensing function;
9. Ultrasonic atomization and omnidirectional spray disinfection;
10. Foldable auxiliary channel, suitable for all kinds of people to pass, convenient access;
11. Glass observation window;
12. Channel lighting function.

Product export description

1. 40gp standard cabinet is adopted: length 12.192m x width 2.438m x height 2.591m; internal dimension: length 12.032m x width 2.352m x height 2.385m. One cabinet can hold 12 sets of this product (it is not necessary to pack wooden cases for goods in a standard cabinet normally). 20gp standard cabinet, 6 sets of this product can be installed
2. This product needs to be loaded in 20gp or 40gp cabinet.
3. This product is shipped in Lishui, Zhejiang. The nearest port to us is Shanghai port and Ningbo port.
4. The company has the export CE certificate of the product, see Annex I for details
5. If the order quantity is less than one high cabinet, it needs to be packed in wooden case. The specification after the packing is: width 1140 * height 2300 * length 1930mm (the price of each wooden case shall be increased by 1000 yuan)

Special notes

1. Can you customize the voice in English or other languages?

Answer: the device supports Chinese English switching broadcast.

2. What kind of disinfection method is used?

Answer: use ultrasonic atomization accurate disinfection.

3. Is the product equipped with disinfectant? What kind of disinfectant is used?

Answer: the product does not match the disinfectant from the factory. It needs to be purchased locally by the customer. It is the best to use the non-toxic and tasteless disinfectant.

4. About Invoicing

Answer: the product quotation includes tax but does not include freight. A special 13% VAT invoice will be issued.

5. About price

A: the price is the unified price of the whole company. As long as you place an order, the price is satisfactory to you!
